## Freelance / Portfolio Projects

**Project:** Upgraded existing CRM Application using React.js + Typescript and MongoDB + Express.js API for Immigration Consultancy firm.

**Client:** Skyland Immigration Pvt. Ltd. (May. 2023 - Nov. 2023)

**Tech Stack:** Typescript, React.js, Express.js, MongoDB, Tailwind CSS, Shadcn UI, Radix-UI, Git

**Description:** Upgraded the CRM dashboard to improve performance and ease of use. For this, entire app code re-written from scratch in React.js with Typescript and used latest well-known packages such as tanstack-table, tanstack-query, zustand, react-router (V6), react-hook-form with zod validation, JWT, shadcn, radix-ui. Also re-written API code from Laravel + MySQL to MongoDB + Express.js.
